

## MY SCHOOL WEBSITE

The My School website was established by the Federal Government to enable parents to easily access information about schools within their local and wider community. The site provides a range of information, including a school profile, NAPLAN results (ie. the school's performance in nation-wide testing of grade 3 & 5 students in literacy and numeracy) and the school's finances.

This information can be used as another means of comparing local schools, helping you decide which schools to visit during Open Days and in choosing a school for your child.

The site can be accessed by:

1. Typing <http://www.myschool.edu.au> into your web browser
- OR
2. Google 'My School' and follow the relevant link

You can then search for a school by school name, suburb, town or postcode.

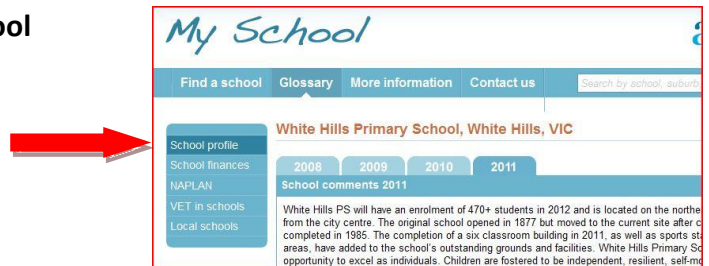

**Find a school**

Search by school name

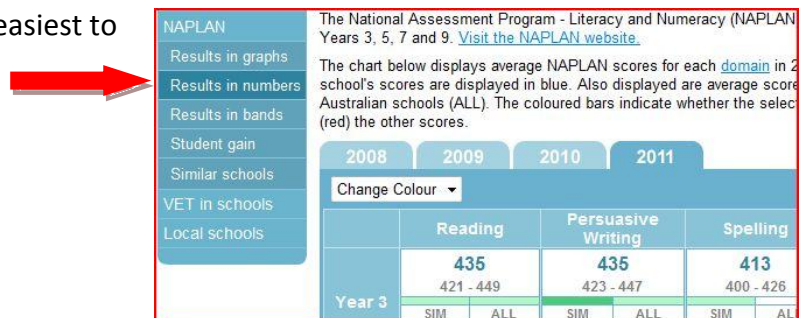

Search by suburb, town or postcode

Sector  
 Government  
 Non-government

When you enter the site you will see the **School profile** page.

The school's student NAPLAN results are easiest to see in **Results in numbers**.

By clicking the **Local schools** tab you will be able to find out information and compare schools in your local area.

Name	Suburb
<a href="#">Holy Rosary School</a>	White Hills
<a href="#">Weeroona College Bendigo</a>	Bendigo
<a href="#">Kalianna Special School</a>	Bendigo
<a href="#">Epsom Primary School</a>	Epsom
<a href="#">St Kilian's Primary School</a>	Bendigo
