- Describe and interpret different data sets

Integrated Unit:

Community and Culture- Natura Disasters

Through inquiry based learning at White Hills Primary students will investigate how they interact with their local and global environment in conjunction with how the environment affects the way they live. They will explore issues associated with what it means to be sustainable, how to act on sustainability, and how flora and fauna in our environment are dependent on each other.

Information Communications Technology: ICT

- 3D Modelling SketchUp
- MonkeyJam

Health/Physical Education:

- Weekly 'Platoon' rotations with an emphasis catching and throwing, hitting, and punting, and Jets Gym
- Sport activities: students are involved in major games.

Special events / Performances:
