- Point of view
- Identify different parts of speech
- Main idea and text structure

Writing:

- Recount writing
- Narratives
- Proof reading and editing
- Persuasive writing
- Handwriting
- Spelling conventions

Speaking and Listening:

- Listen and engage in discussion to acquire understanding of the decisions made by people.
- Gather and understand details while listening to the text.
- Demonstrate that they can communicate in groups by contributing relevant ideas to the discussion.

Mathematics:

Number and Algebra:

- Problem solving
- Multiplication tables
- Addition and subtraction using real life examples

Measurement and Geometry:

- Problem solving
- Identify angles as measures of turn and compare angle sizes in everyday situations.
- Reading time on an analogue and digital clock
- Temperature

Statistics and Probability:

- Create graphs with key features and interpret complex graphs in full sentences
- Build language of chance and conduct chance experiments, identify and describe possible outcomes and recognise variation in results

Integrated Unit:

Some of the questions the students will be working to find out:

What do I want to be when I grow up? What are the interactions between living and non-living things in our environment? What has affected these interactions? – (water, fire, natural disasters, pollution, humans, climate) How have natural disasters affected our environment?

Information Communications Technology: ICT

- Saving of files into nominated, existing folders in a networked environment
- Creation of information products for a specific audience and purpose, to inform, persuade or entertain, based on original ideas.
- Identification of relationships between ideas, using basic editing software, nominated graphic organiser templates and manipulation techniques; for example, inserting shapes or drawing lines.

Health/Physical Education:

- Weekly 'Platoon' rotations with an emphasis on building running stamina in preparation for Cross Country
- Sport activities: students are involved in major games.
